

Creative Arts Day

Media, Music, Visual Arts & Creative Writing

Thursday 15 June 2017

9.15am – 2.15pm

Explore study options and career opportunities in creative writing, digital media, music and visual arts.

Year 11 and 12 students who are passionate about the creative arts and interested in pursuing careers in these areas are invited to join us at our Lismore campus for Creative Arts Day.

Students choose from four different interactive workshops – creative writing, digital media, music and visual arts - culminating with an on-stage performance and showcase.

- **Creative Writing**
Learn lyric-writing strategies and techniques to craft a short song-writing creative piece for performance.
- **Digital Media and Communications**
Learn skills in filming, recording, interviewing and editing while producing a short documentary on activities taking place during the event.
- **Music**
Participate in song-writing, musical arrangement, rehearsals, recording and performance.
- **Visual Arts**
Experience art-making in the studios and learn skills to create your own artwork.

Students who are interested in attending this event should speak with their careers advisor.

Space is limited and registrations by discipline area are essential. Complimentary lunch is provided.

To register or for further information, please contact our student recruitment officer Tim Day at timothy.day@scu.edu.au or on 02 6620 3102.
