# The Southern Cross Model

At Southern Cross University, we're always looking for a better way to do things. That's why all our courses are taught in a unique academic model that's designed to set you up for success at university and beyond.

The Southern Cross Model divides the academic year into six-week terms. You'll study two units (subjects) each Term, for four Terms a year, enabling you to focus deeply on what you are learning.

Content is highly interactive, with engaging face-to-face and active learning formats that have real-world applications. A shorter unit structure gives you a greater sense of momentum and motivation as you achieve milestones quickly.

Use the QR code below to learn more about the Southern Cross Model – a better way to learn.

## Six-week Terms

Terms are six-weeks long with a break between each one. You'll typically study across four Terms a year.

## Increased success

Since the Southern Cross Model was implemented, our students have achieved higher grades than ever before.

## Immersive learning

Focus on just two units each Term for an immersive study experience. Learn more, quickly, in workshops and tutorials.

## Greater completion

More students complete their units successfully in the Southern Cross Model. It's a better, and more enjoyable way to learn.

## You're in control

The Southern Cross Model works with you in juggling all your other commitments – family, work, sport, friends. It's university for the 21st century.

“You work hard for a few weeks, but that time pays off. Unlike in most universities, at Southern Cross you don't need to wait six months to travel and do whatever you enjoy the most.”

Jairo Escobar Lopez, Master of Teaching student from Colombia.

# Academic requirements

The minimum academic requirement for undergraduate degrees is displayed in the 'Academic Score by Country' shown on the International Future Students admission requirements tab of the website.

For postgraduate degrees, assessment is made on an equivalent Australian Bachelor degree plus any other course-specific requirements.

Advanced standing refers to previous study undertaken which may reduce the duration of your degree. You need to apply for advanced standing at the time of application.

When assessing applications against the relevant Academic Standards, the University will use accepted educational resources, including Australian Education International – National Office of Overseas Skills Recognition (NOOSR), United Kingdom National Recognition Information Centre (UK ENIC), University Admissions Centre (UAC) Assessment of Qualifications Manual and the Queensland Tertiary Admissions Centre (QTAC) Schedule to establish the Australian equivalent of an applicant's overseas qualifications.

For more information visit [scu.edu.au/international/apply](https://scu.edu.au/international/apply)

Please note that some courses in nursing, midwifery and health sciences have inherent requirements.

Southern Cross University also accepts comparable scores from CPE (Cambridge Certificate of Proficiency), CAE (Cambridge Certificate of Advanced English), TOEFL (Test of English as a Foreign Language – internet-based test), PTE (Pearson Test of English), ISPLR (International Second Language Proficiency Rating), and CEFR (Common European Framework of Reference for Languages).
